STAGE 15: MODEL ERROR ANALYSIS REPORT

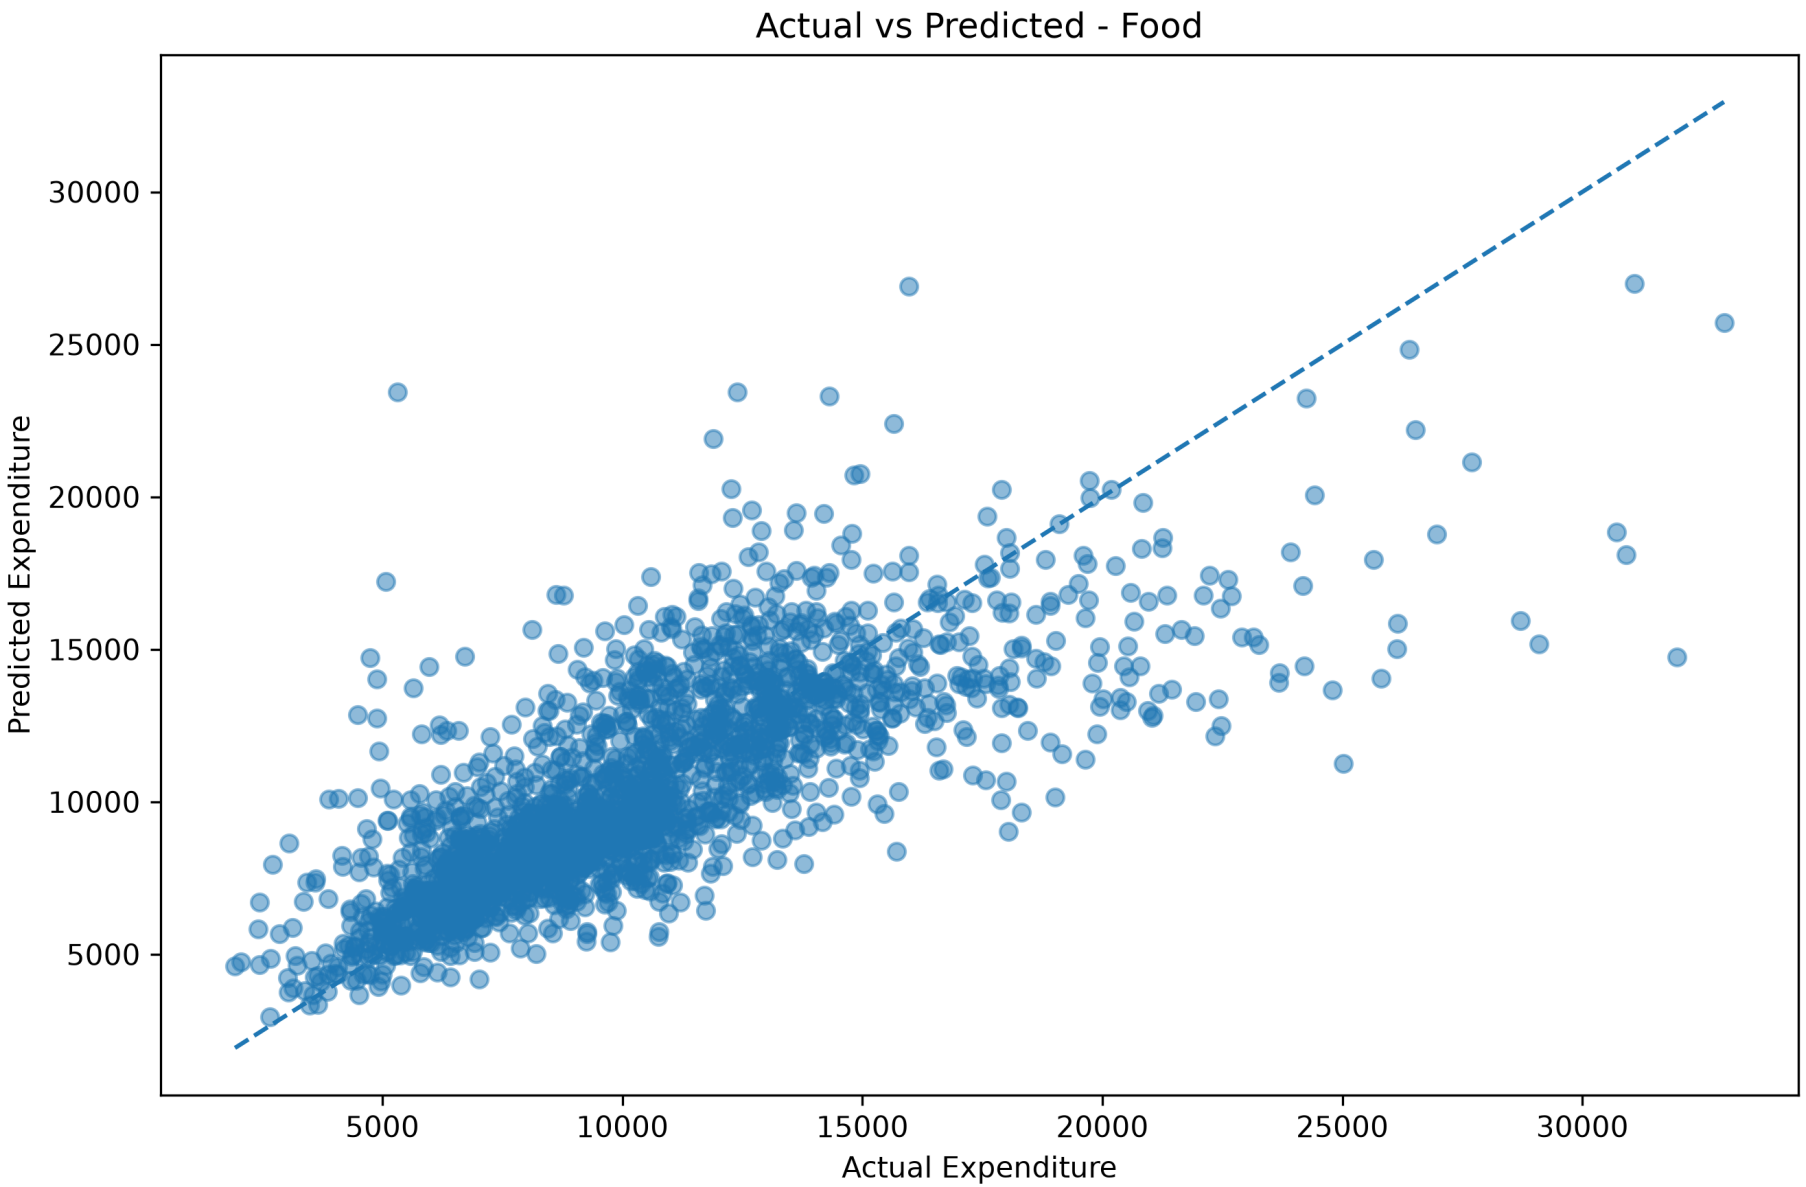

Evaluation of food and transportation expenditure prediction models using regression performance metrics and residual diagnostics.

Model Performance Summary

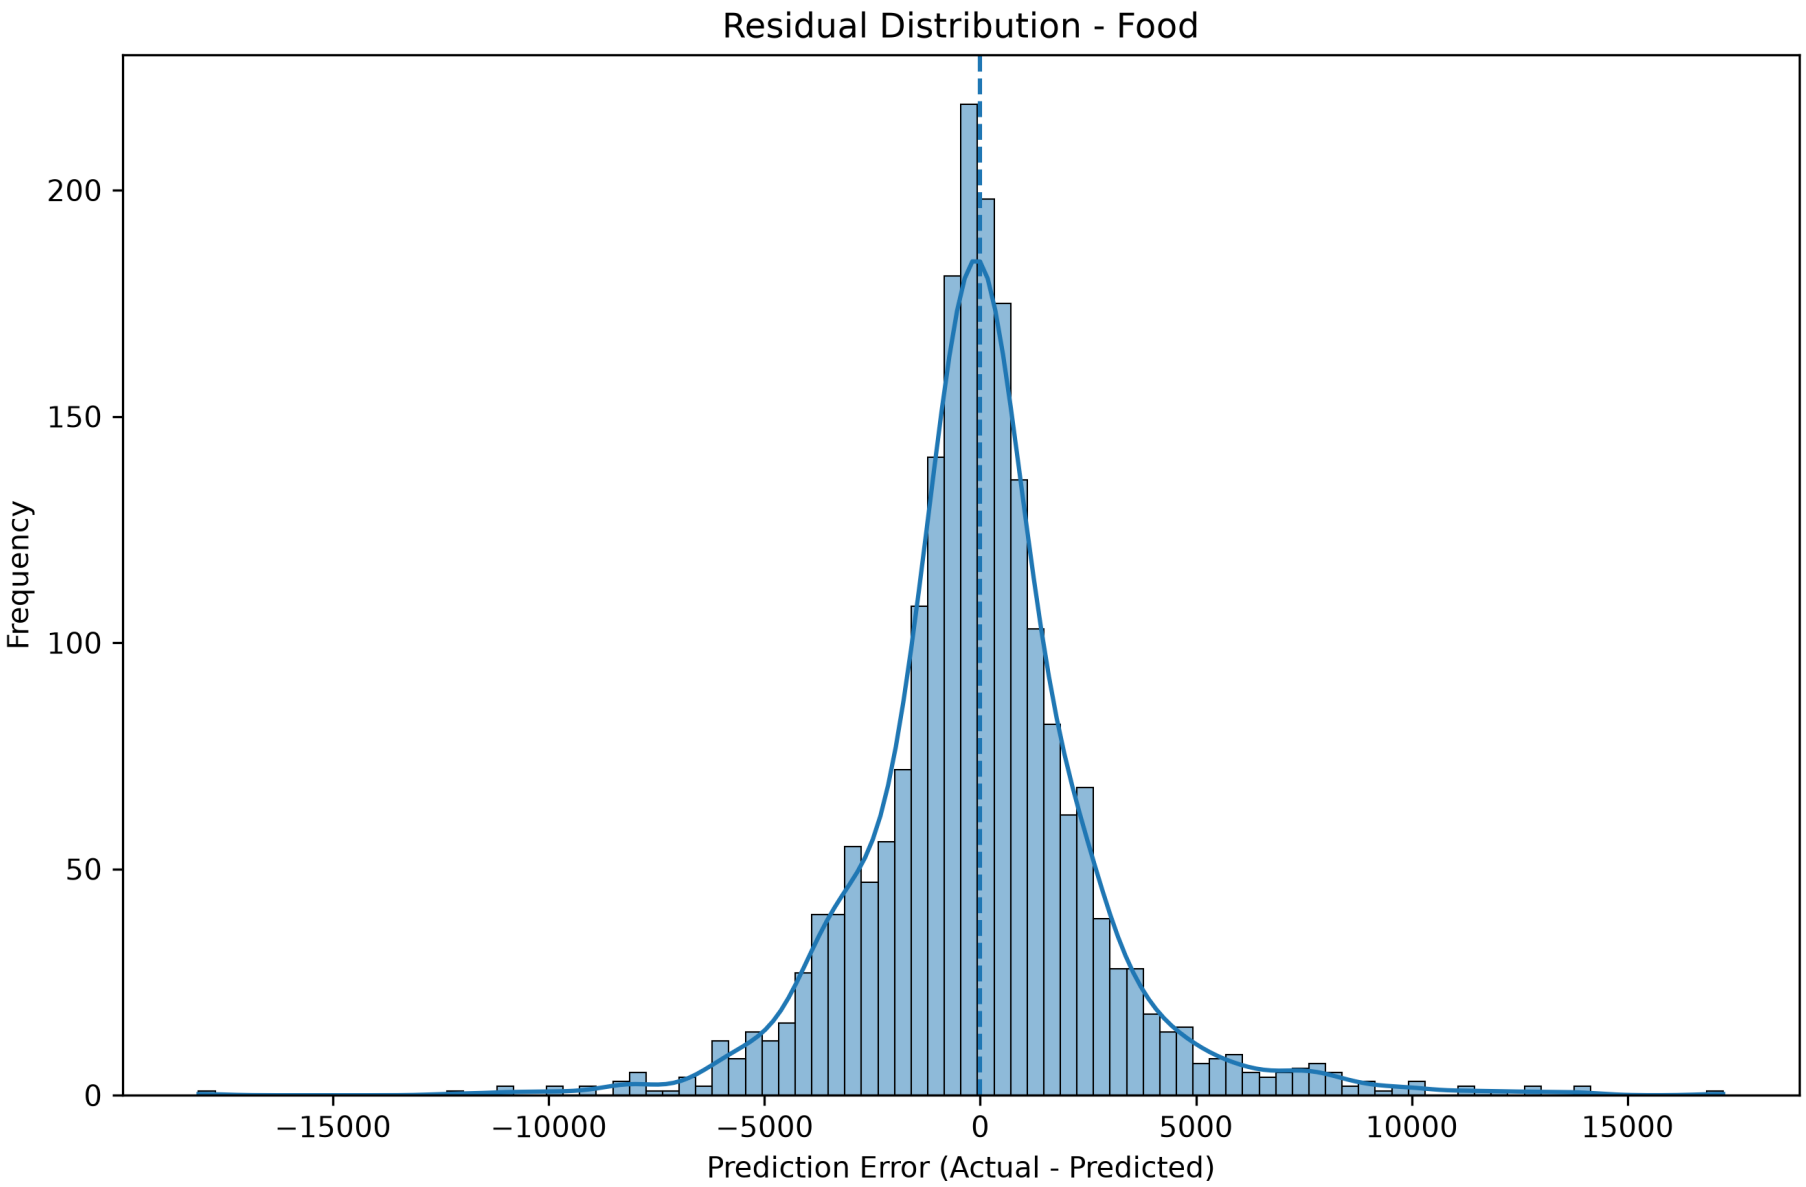

Food Model | MAE: 1799.97 | RMSE: 2649.86 | R2: 0.5816

Transportation Model | MAE: 526.28 | RMSE: 1098.36 | R2: 0.2542

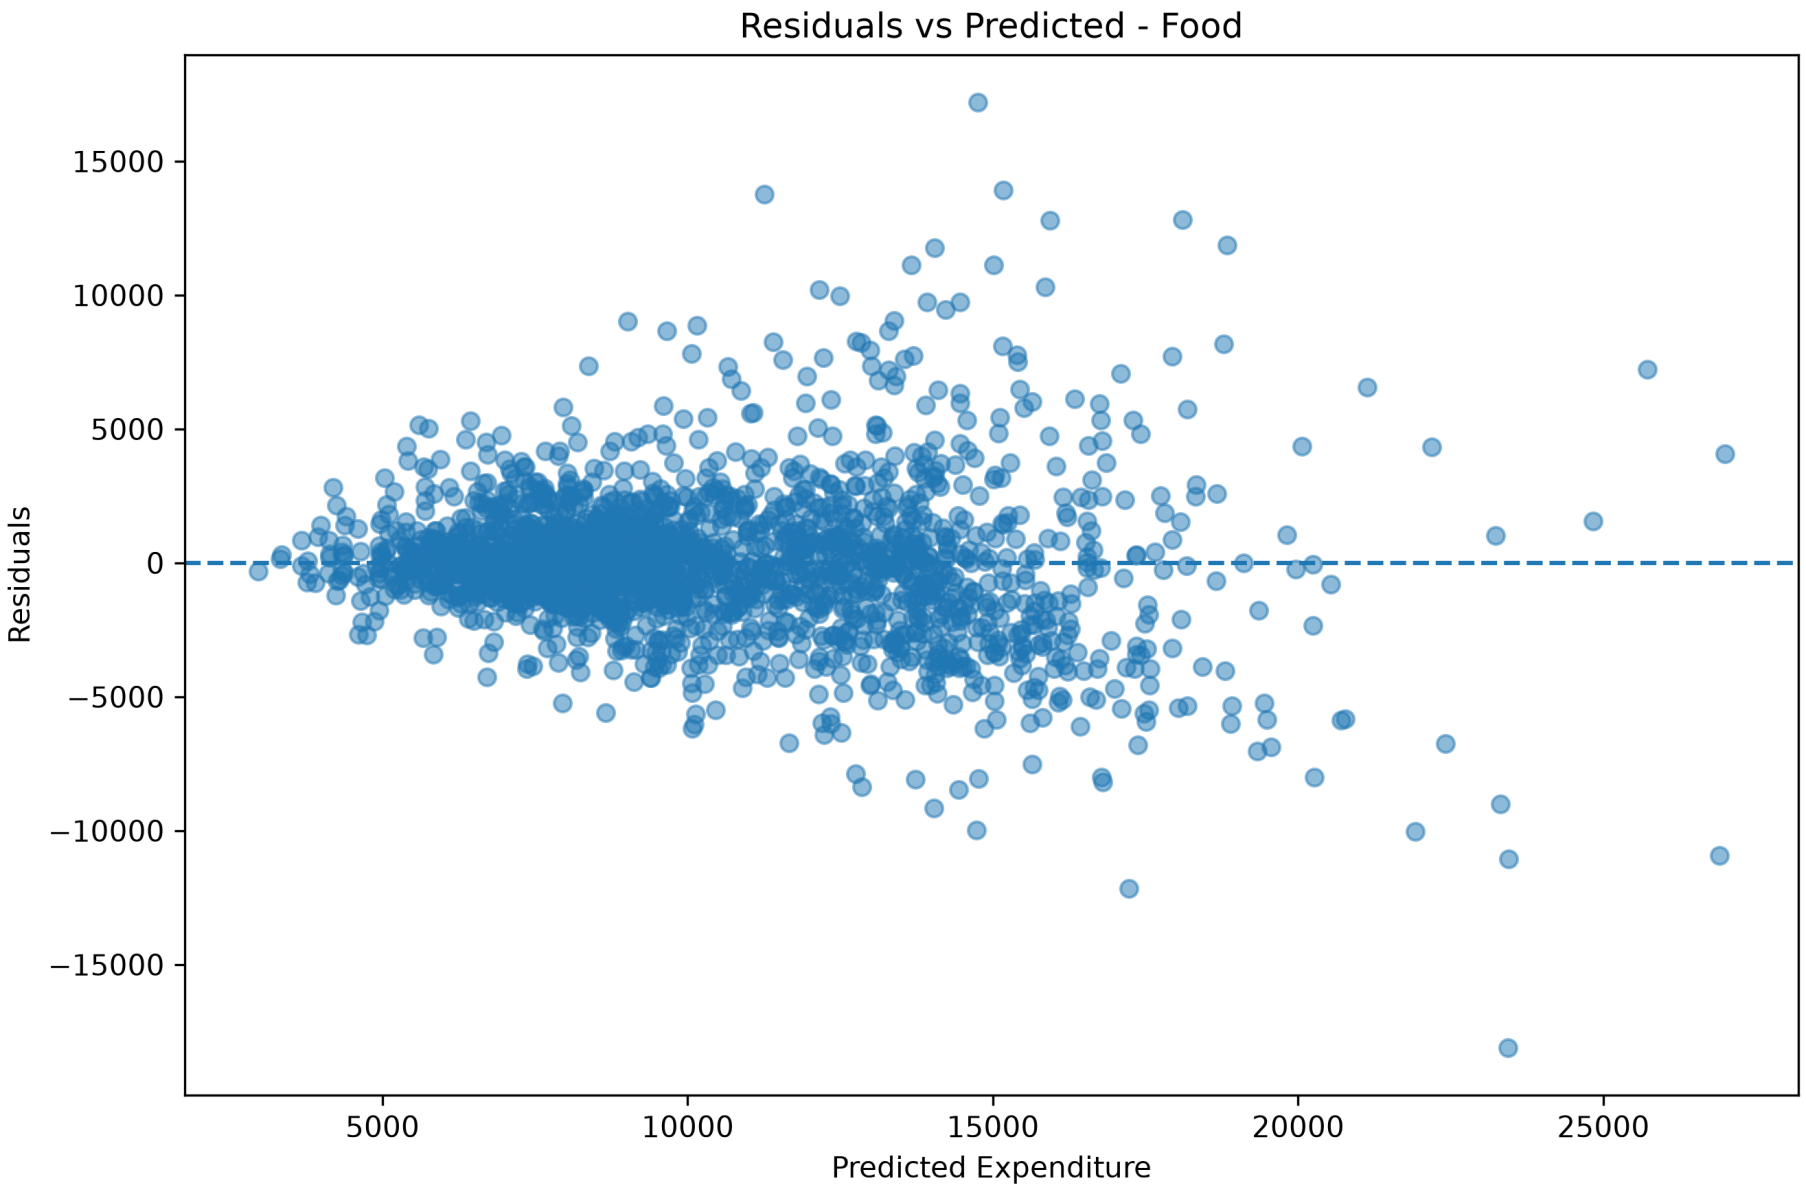

Food: Actual vs Predicted

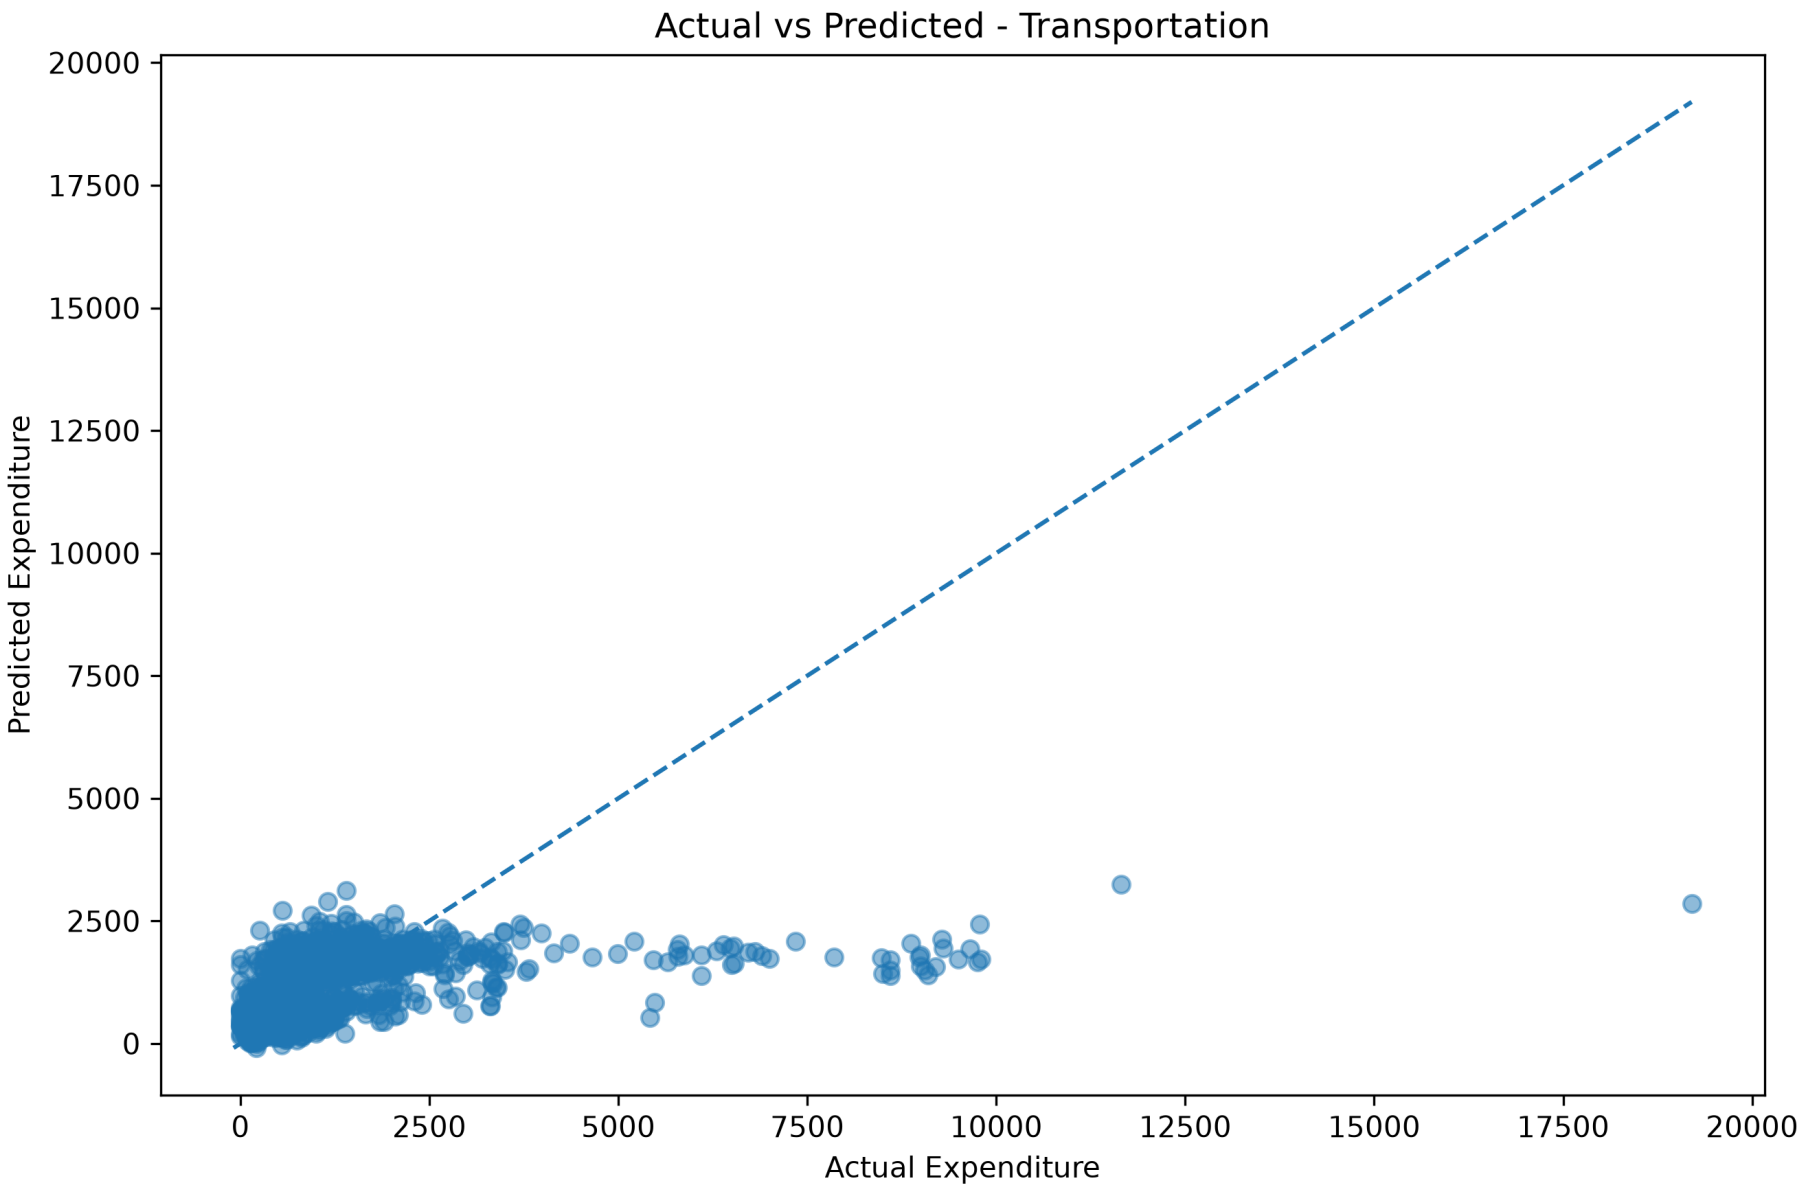

Food: Residual Distribution

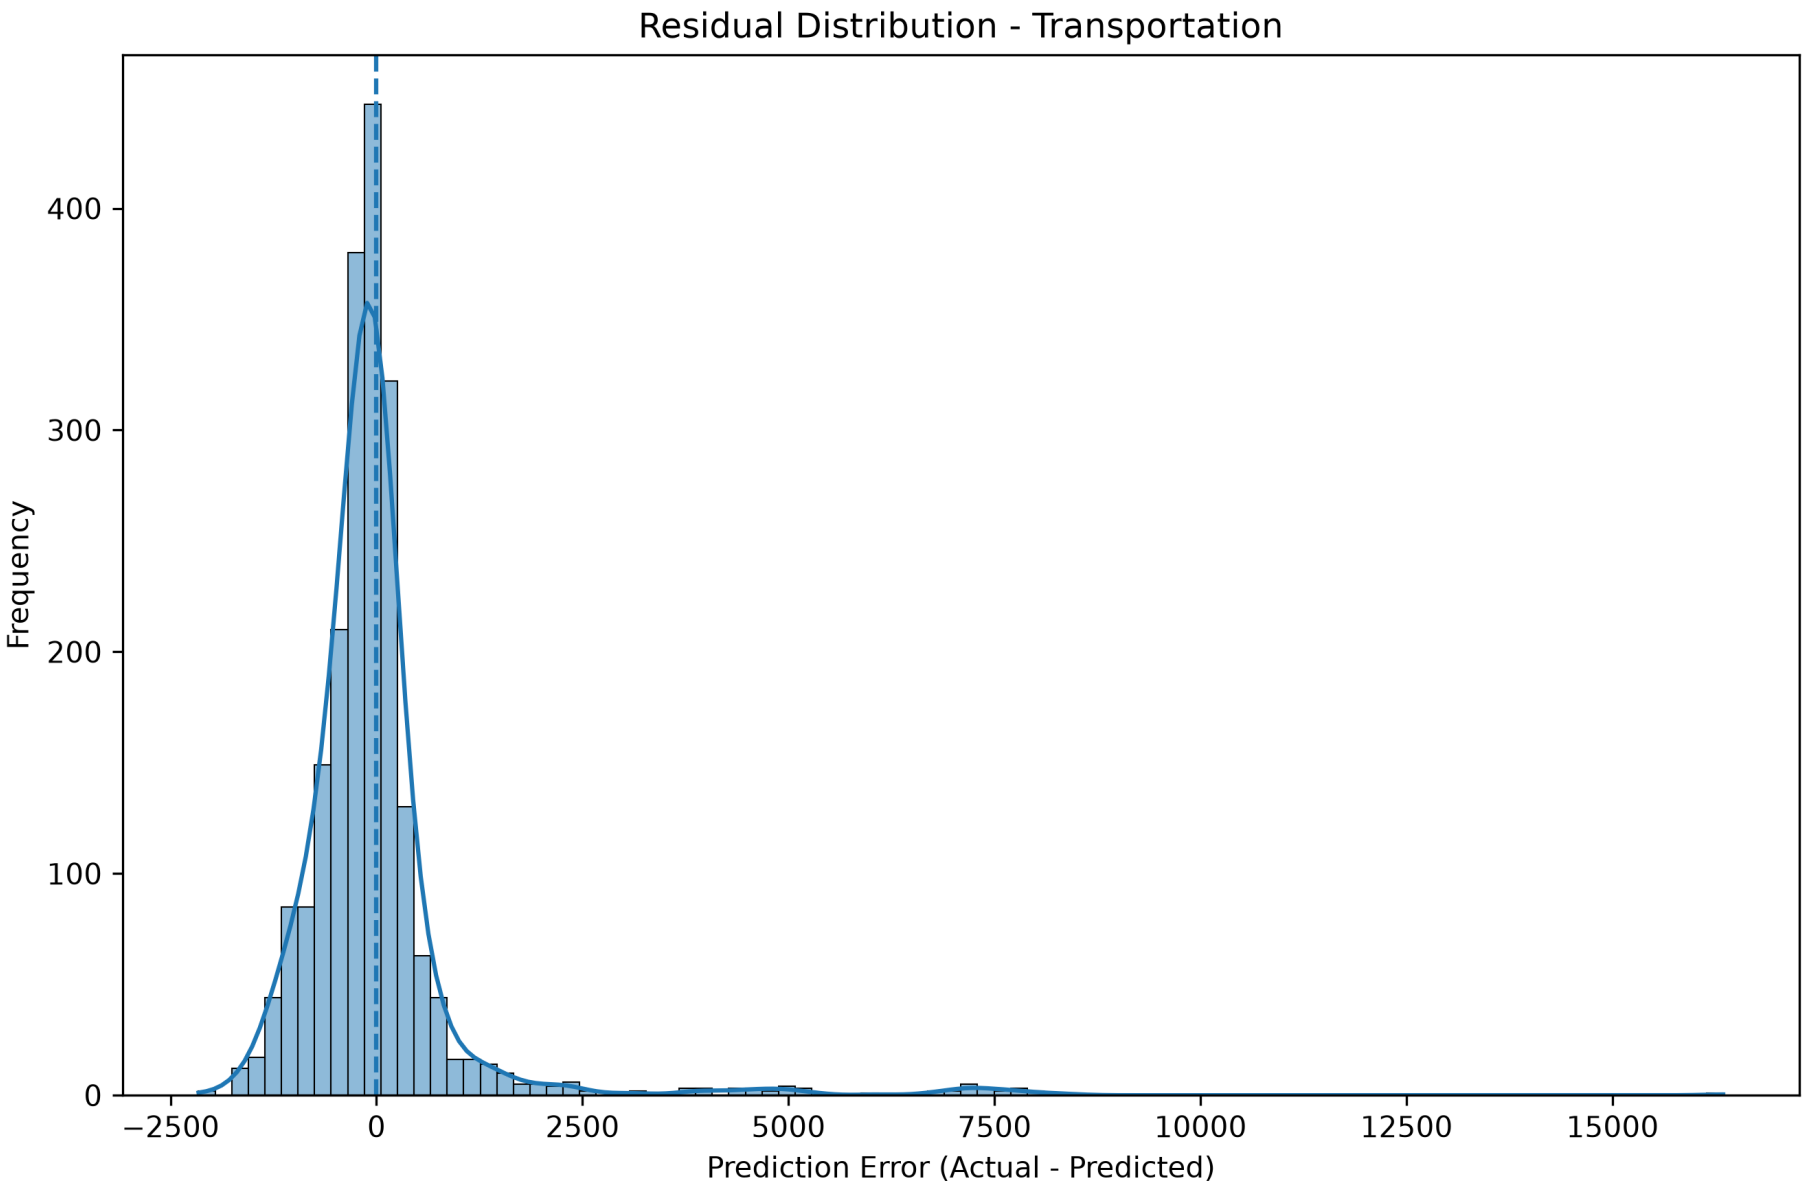

Food: Residual vs Predicted

Transportation: Actual vs Predicted

Transportation: Residual Distribution

Transportation: Residual vs Predicted
